## Supplementary Material

Appendix 5:

Document Title: Technology cards

Description: calendar, monitoring, tasks, documents, messenger

## Appendix 5

### *calendar*

1. shared calendar in the care network?
  - yes:
    - in paper form on the care recipient's premises
    - online / digital shared (e.g. Google Calendar)  
name of the application: \_\_\_\_\_
  - no
2. Who has access to the calendar?
  - all
  - only chosen persons (private usage)
  - only chosen persons (*private + professional usage*)

### *monitoring*

1. digital technologies to support the care recipient, e.g. home emergency call with activity monitoring (e.g. easierLife), medication dispenser with acknowledgement function / alerting relatives if not taken, ...
  - yes: \_\_\_\_\_
  - no
2. Who has access to the technologies?
  - all
  - only chosen persons (private usage)
  - only chosen persons (*private + professional usage*)

### *documents*

1. shared document storage in the care network?
  - yes:
    - in paper form on the care recipient's premises
    - online (e.g. GoogleDrive, Microsoft OneNote / OneDrive, Dropbox)  
name of the application: \_\_\_\_\_
  - no
2. Who has access to the documents?
  - all
  - only chosen persons (private usage)
  - only chosen persons (*private + professional usage*)

### *messenger*

1. shared chat groups in the care network?
  - yes:
    - online (e.g. WhatsApp, Telegramm, Zoom, Threema)  
name of the application: \_\_\_\_\_
  - no
2. Who has access to the group?
  - all
  - only chosen persons (private usage)
  - only chosen persons (*private + professional usage*)

### *task lists*

1. shared task list in the care network?
  - yes:
    - in paper form at the care recipient's premises
    - online (e.g. WeDoIst, Google Tasks, Wunderlist)
  - no
2. Who has access to the list?
  - all
  - only chosen persons (private usage)
  - only chosen persons (*private + professional usage*)
