Appendix III: Coding scheme

Source	Key concepts	Conceptualization	Integration
(predefined)	*(predefined)*	*(derived from RQ and context)*	*(derived from analysis)*
Year	DC background *(summary)*	OA - DC intersection *(specific findings)*	OA logic *(trade-off view - paradox view)*
Focus category *(DC, OA, CV/CE)*	OA background *(summary)*	CV - DC intersection *(specific findings)*	DC logic *(structures/processes - individual behaviour)*
Method *(review, conceptual, qualitative, quantitative)*	CE/CV background *(summary)*	CV - OA intersection *(specific findings)*	CV setup *(separated, integrated, semi-structured, contextual)*
Research Design *(specifications)*			CV descriptions *(summary)*
Key findings *(summary)*
