Console

```

11:03:04: begin emitting radio packet at time 9874 us
Proxy37: Complete emitting radio packet at time 9887 us
Node47: No free channel and retry transmitting this data at time 9889 us
Node47: generated a random number as backoff slots, slots = 24 at time 9889 us
Node83: find a free channel and begin transmitting the data to the transceiver at time 9890 us
Node83: starts to transmit the data to the transceiver ( _NR= 2 ) with data = 1.76 at time 9890 us
Node33: find a free channel and begin transmitting the data to the transceiver at time 9892 us
Node33: starts to transmit the data to the transceiver ( _NR= 2 ) with data = 1.76 at time 9892 us
Proxy62: Complete emitting radio packet at time 9924 us
Node87: No free channel and retry transmitting this data at time 9927 us
Node87: generated a random number as backoff slots, slots = 13 at time 9927 us
